Fiscal Year 2003 Summary Report**

Introduction

The Commonwealth of Virginia levies three taxes to support litter prevention and recycling program activities in Virginia. The three taxes are comprised of a malt beverage tax, a soft drink tax and a retail establishment fixed fee of \$10 or \$25 and are collectively referred to as the “litter taxes”. In Fiscal Year 2003 (July 1, 2002 through June 30, 2003), the litter taxes generated approximately \$1,729,061. The revenues collected through these taxes are deposited in the Litter Control and Recycling Fund (Fund). The annual uses of these funds plus interest earned, as specified in legislation, are:

75% - non-competitive, no match grants to localities

20% - competitive statewide education program grants; and

5% - to Department of Environmental Quality (DEQ) to administer the grants.

While DEQ provides for the administration of the annual grants, the guidelines for these grants are overseen by the Litter Control and Recycling Fund Advisory Board (Board). The Board is appointed by the Governor and consists of five members as follows: one representative for each of the three types of entities required to pay the litter taxes, one local litter or recycling coordinator, and one member from the general public. The Board meets at least quarterly throughout the year to track the status of the Fund and the progress of the annual grant programs.

At the conclusion of each grant year, the non-competitive grant recipients must submit Performance and Accounting Reports on the activities and expenses for which the grant funds were used. The purpose of this report is to summarize the information submitted in the Performance and Accounting Reports for Fiscal Year 2003. The data contained in this report was compiled from the information submitted by the grant recipients and certified by one of their authorized agents.

- A city and one or more counties,
- A county and one or more of the incorporated towns within it, or
- A private, non-profit regional agency which represents two or more localities.
